ACADEMY CLASS OF
MUSTER

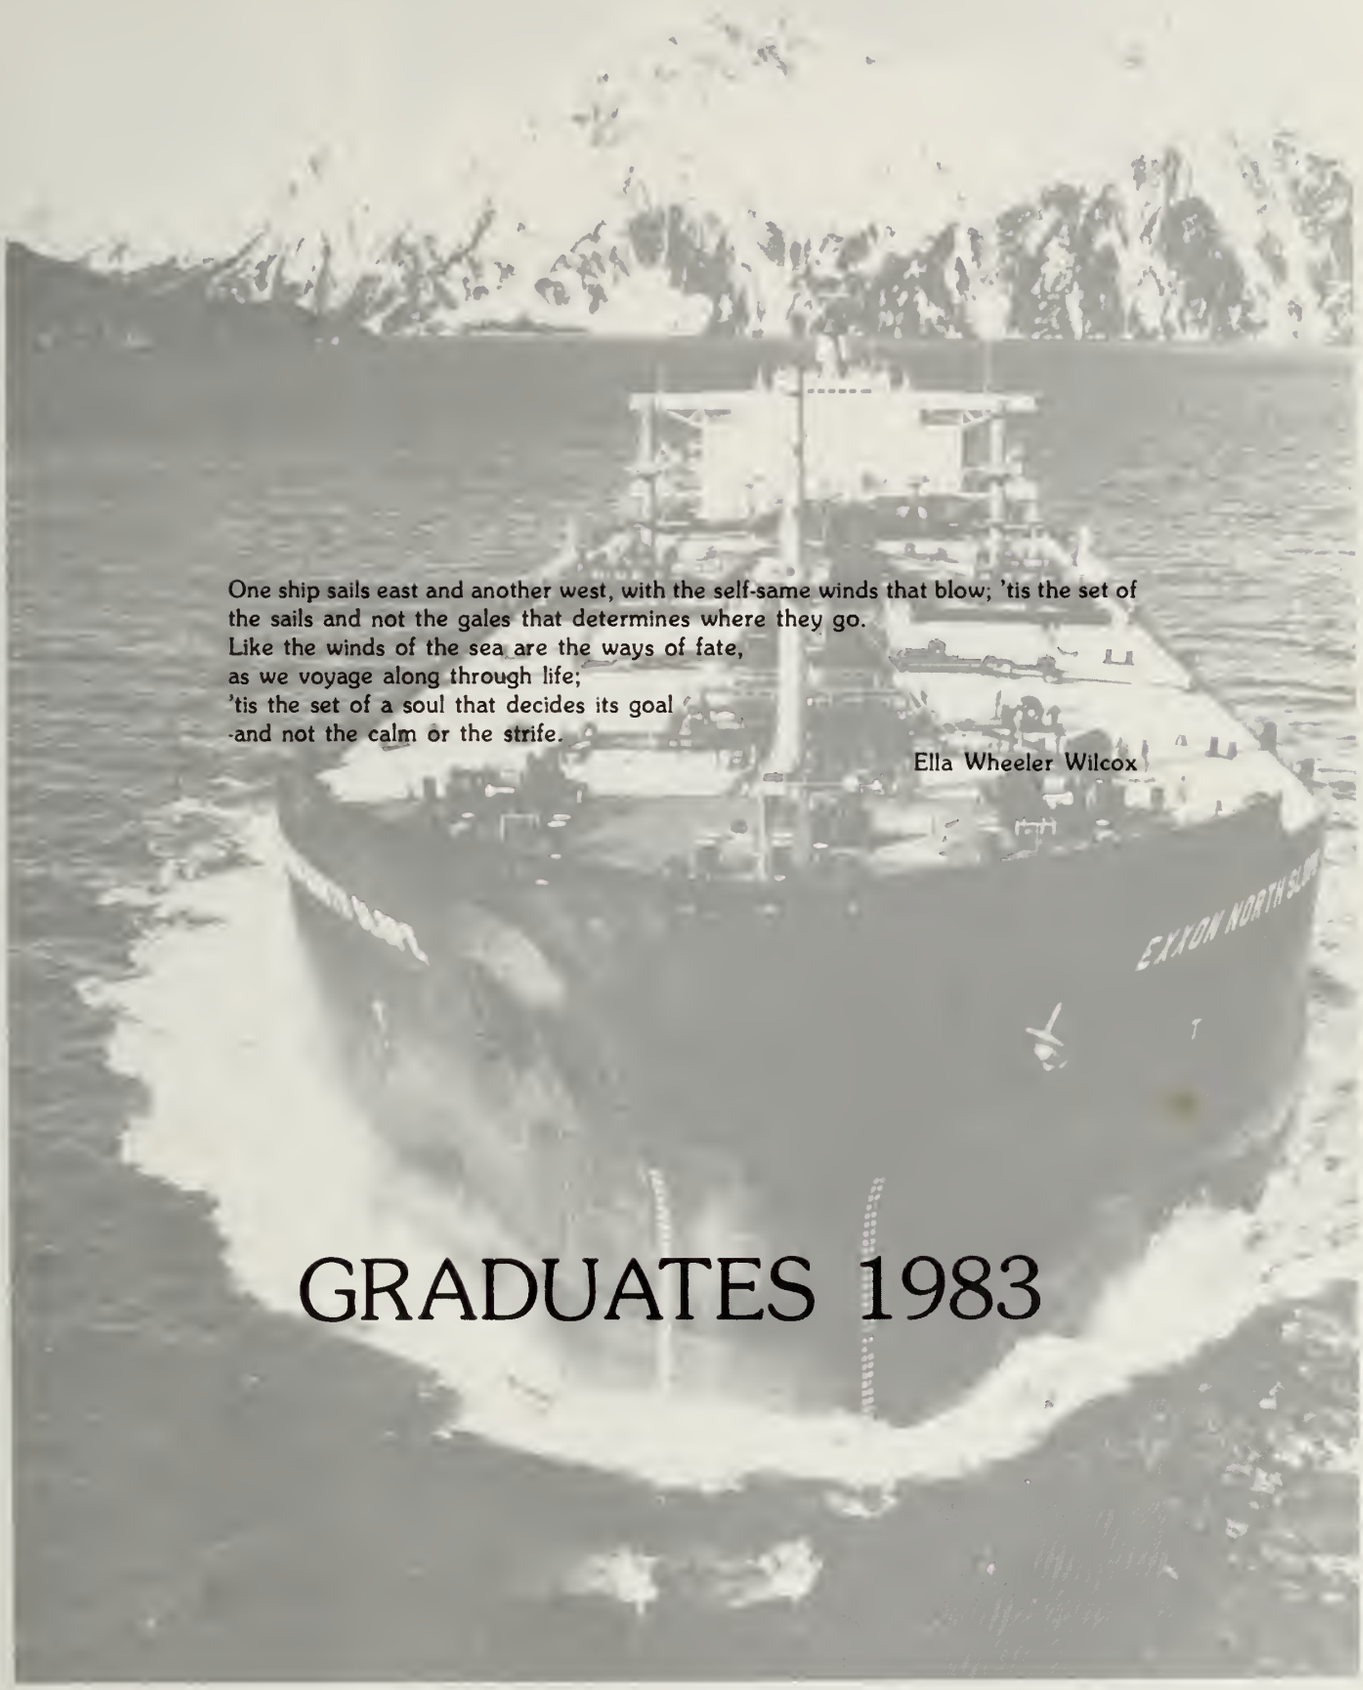
DEDICATION

Mr. Youcis, as a company officer dealt on a personal level with the regiment of cadets. He saw that the Academy Regulations were upheld to make for the proper environment to live, learn, discover, and experience.

Outside of the classroom, academy lifestyle is geared to teach us to be leaders in a working environment and to learn to take orders from superiors and to give orders and act in quick response to situations of emergency as well as day to day living.

Mr. Youcis aided us in this way and went beyond. He used his extra knowledge to guide us in career choices and job opportunities. His well-rounded educational background enabled him to counsel us in a wide area of problems which face a college student. He worked for the success and growth of the S.G.A. and extended his interests and views to many activities on campus.

Thank you,
The Senior Class '83



One ship sails east and another west, with the self-same winds that blow; 'tis the set of the sails and not the gales that determines where they go.
Like the winds of the sea are the ways of fate,
as we voyage along through life;
'tis the set of a soul that decides its goal
-and not the calm or the strife.

Ella Wheeler Wilcox

THE MISSION OF THE MASSACHUSETTS MARITIME ACADEMY

To offer young men and women of sincere ambition an education that will qualify them to become officers in the United States Merchant Marine:

To provide them with an accredited academic background in order that they may be intellectually capable of acting as representatives of the United States throughout the world;

To instill in them a sense of honor, leadership, responsibility, and pride in their profession;

To train them in Naval procedures that will enable them to serve with the United States Navy whenever the need arises;

To send them forth with an abiding respect and affection for the Massachusetts Maritime Academy.

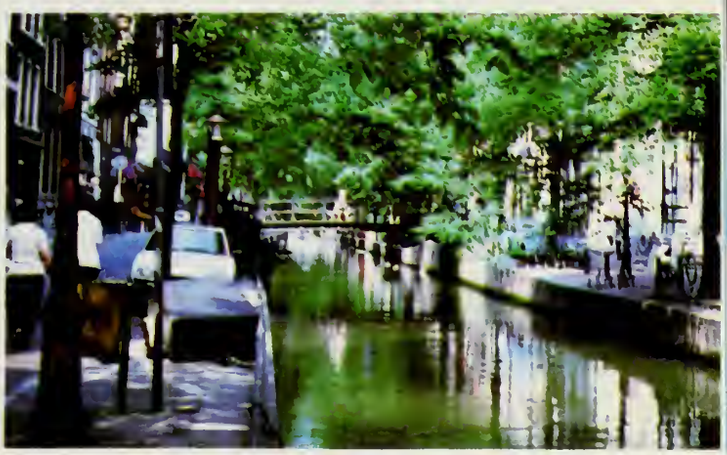
Every cadet believes that the commercial shipping program is "the" way to learn the ropes, and for most of the cadets this is true. Cadets did not only learn how the automated engine room runs and a 4-man crew mans the bridge (instead of the 15 or so on the training cruises), but they traveled to all four corners of the world. On the Atlantic, shipping cadets were found in ports of call from the Arctic Circle to Cape Horn, South America and from New York to the Straits of Gibraltar. On the Pacific, The ports of call for MMA sailors were from Alaska to Australia and from Panama to Singapore. Presented here are a few of the special moments for the cadets.

SHIPPING PROGRAM



The Diesel Simulator was dedicated to the memory of 4/C Cadet Rodney C. Morris on 6 November, 1982. Rodney was a true friend to his classmates. He held a quiet pride in all that he did and was able to instill that pride in others. We are thankful for all that he shared with us. Rodney will long be remembered and missed and we are pleased that his close association with his class and his school has been made permanent.

FRESHMEN

In September of 1982, the class of 1986 was unprepared for the challenges and expectations of the Massachusetts Maritime Academy. This new environment was a very unexpected change; however the freshmen have met and accepted the challenges under the guidance of the first class. The cruise of 1983 was another experience for the freshmen enabling then to become true "Bucs". It was a time when a tremendous amount of knowledge of the marine industry was learned and a time which brought the freshmen class closer. With these first challenges has come a strong unity which will certainly last for the coming 3 years.

RING DANCE

THE RING DANCE TRADITION

Next to graduation itself, the ring dance is the highlight of the year for the Senior Class at Massachusetts Maritime Academy. Tradition dictates that each cadet's class ring be worn about the neck of his or her escort on a length of ribbon until the ceremony of the ring. During this ceremony, the ring is dipped by the couple in a binnacle filled with water representing the waters of the seven seas. By doing this, the cadet "marries the sea" symbolizing his or her commitment to the maritime profession. The ring is then placed on the cadet's finger and the couple kisses. The entire ceremony takes place in a large replica of a class ring.

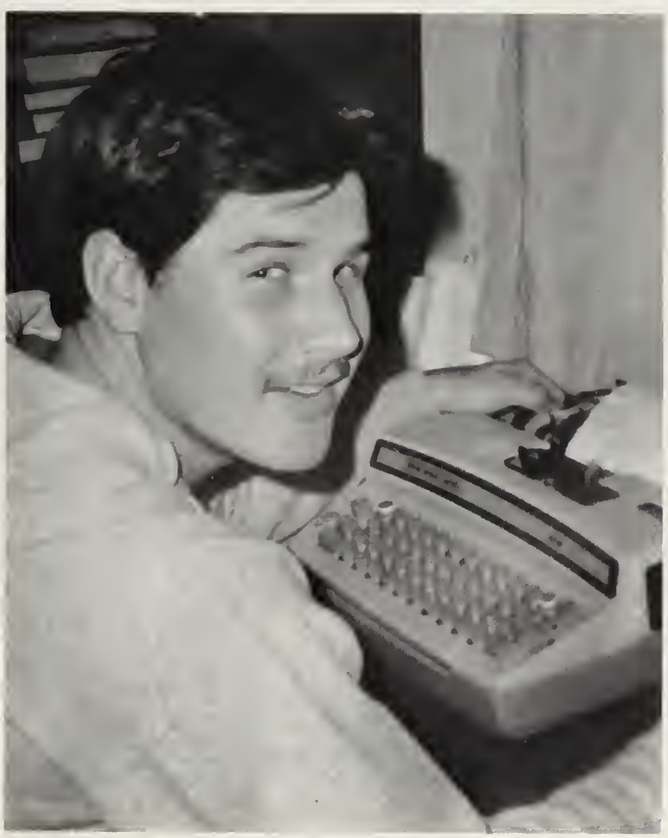
CLASS OF 1983

LOOK AROUND ME, I CAN SEE MY
LIFE BEFORE ME
RUNNING RINGS AROUND THE
WAY
IT USED TO BE.
I AM OLDER NOW, I HAVE MORE
THAN WHAT I WANTED,
BUT I WISH THAT I HAD STARTED
LONG BEFORE I DID.

AND THERE'S SO MUCH TIME TO MAKE UP
EVERYWHERE YOU TURN
TIME WE HAVE WASTED ON THE WAY
SO MUCH WATER MOVING,
UNDERNEATH THE BRIDGE
LET THE WATER COME AND CARRY US AWAY.

OH WHEN YOU WERE YOUNG
DID YOU QUESTION ALL THE ANSWERS,
DID YOU ENVY ALL THE DANCERS WHO HAD ALL THE NERVE?
LOOK AROUND YOU NOW, YOU MUST GO FOR WHAT YOU WANTED
LOOK AT ALL MY FRIENDS WHO DID AND GOT WHAT THEY DESERVED.

AND THERE'S SO MUCH
TIME TO MAKE UP
EVERYWHERE YOU TURN
TIME WE HAVE WASTED
ON THE WAY



SO MUCH WATER MOVING,
UNDERNEATH THE BRIDGE
LET THE WATER COME
AND CARRY US AWAY.
